

SERVICES

We offer an air fill package where we will pick up and deliver tanks to your location. This service makes it easy for you to do a beach dive. Or if you are doing underwater construction, our delivery service will make it easier because you do not need to get the tanks.

SPECIALTY DIVES

We offer a specialty dive once a month from June to October. During this activity, you will do a 3-tank dive and food, drinks, and snacks are included in the package. You will be going to some of the wrecks we do not normally visit during our two tank dives. Enrollment in this package is based on special request. Contact us.
